## TERMS OF REFERENCE (TOR)

### 1. INTRODUCTION

Roads Agency Limpopo SOC Ltd (RAL) is a provincial road infrastructure delivery parastatal registered under the Company's Act of the Republic of South Africa. It has been established under its constitutive Act, the Northern Province Roads Agency Act and Provincial Roads Act 7 of 1998. RAL started operating in 1999/2000 financial year. Its main functions are planning, designing, construction, maintenance and control of the provincial road network. It owns and manages all the provincial roads, except municipal roads and National Roads. RAL is managed by the Chief Executive Officer who reports to the Board of Directors. Members of the Board are in turn reporting to the Shareholder, who is the MEC for Limpopo Department of Public Works, Roads and Infrastructure.

### 2. INVITATION

Roads Agency Limpopo SOC Ltd (RAL) seeks to appoint a suitably qualified, reputable, and experienced service provider on SMME and Labour data on all projects for verification and consolidation of Quarterly and Annual Performance Information Reports.

### 3. BACKGROUND

RAL has a monitoring and evaluation unit responsible for verification of data collected of Local Labour and SMME from Contractor Development unit which are included in the Annual Performance report.

The verification and the correctness of the social targets and physical targets is important as the information will be subjected to an external audit by AGSA (Auditor General). The audited information will then be included in the Annual Performance Report.

Performance information indicates how well an institution is meeting its aims and objectives, and which policies and processes are working. Making the best use of available data and knowledge is crucial for improving the execution of government's mandate. It is key to effective management, including planning, budgeting, implementation, monitoring and reporting. Performance information also facilitates effective accountability enabling legislators, members of the public and other interested parties to track progress, identify the developmental areas for continuous improvement and better understand the issues involved.

As an ethically driven organisation accurate performance information is critical to management to track progress against the delivery of the annual performance and strategic plan, which will further assist in their contribution to the socio – economic development by connecting the people of Limpopo Province. RAL subsequently applied the Theory of Change to their planning process to identify 2 key implementation Programmes, which are the Administration and Road Infrastructure Programmes, envisioned to adequately support the core business and improve the road network. A few of the key outcomes and indicators linked to these Programmes:

Programme 1: Administration

- A capable, Ethical and Developmental State
  - Organisational Performance against planned targets
  - Clean Audit

#### Programme 2: Road Infrastructure

- Economic Transformation and Job creation
  - Number of square metres ( $m^2$ ) of surfaced roads rehabilitated,
  - Number of Kilometres of gravel roads upgraded,
  - Number of kilometres gravelled,
  - Number of Bridges completed,
  - Number of youths (18-35) employed,
  - Number of women employed,
  - Number of people with disabilities employed, and
  - Number of SMMEs contracted.
- Education, Skills and Health
  - Number of Local Workers Trained

Over the prior financial periods RAL management has received repeat findings against the performance information data, which directly impacts RALs performance against their plan, in respect of accuracy and completeness of information. Amongst others, some of the critical findings include:

- No supporting documents for the reported performance information targets achieved.
- Discrepancies between the reported performance information data and supporting documents.
- Inadequate record keeping of portfolio of evidence.

During the last financial year, 2022/23, RAL received unqualified audit opinion with minor findings, and aspire to obtain an improved audit opinion from AGSA.

#### **4. SCOPE OF WORKS**

RAL seeks to appoint a Consulting and Auditing company to conduct an independent verification of performance information data reported for the financial year 2023/2024 which will assist management in ensuring a complete and accurate portfolio of evidence in respect of the key performance areas of RALs strategic and annual plan. The Consulting and Auditing company will assist in reconciling, validating, and requesting all necessary documentation required as evidence to support the performance scores and further verify the accuracy and completeness of the current performance results.

The functions to be performed by the company in respect of the verification and assessment, will include the following key areas of evaluation, on a quarterly basis:

**Risk Mitigation**

- Evaluation of progress against key risk and mitigations identified as per the 2020 – 2025 Strategic Plan.
